

A letter from the Shrago family

Robert, Marlene and daughters Michelle and Shari became members of Temple Beth Emunah in 1973. Bob immediately became an active member of the brotherhood. He later served on the Board of Directors and was elected President of the Brotherhood. He also was voted Brotherhood man of the year by his peers. Bob considered the Temple his second home and enjoyed the camaraderie of his fellow Temple members very much and the feeling was mutual.

Bob was born and grew up in Cambridge and graduated from Northeastern University (chemistry & biology). He served in the Army as medic and was later employed as laboratory director in Boston. For many years, Bob successfully ran the Blood Dive at our Temple. The Shrago family is honored to have the Blood Drive continue *in Loving memory of Bob Shrago* who passed away in 1995.

Thank you Temple Beth Emunah Brotherhood for continuing so ably with this project.

The Shrago family.

Editor' Note: The Brotherhood would like you to know that in addition to running the blood drive and being Brotherhood president, Bob was active in all phases of Brotherhood and temple life. Like many of his contemporaries, Bob was part of the Slivovitz society that continues today. He was also a constant part of Bingo and a couple players still come to donate blood because of him. Marlene continues to volunteer at the blood drive and his nephews come every to donate. In fact, last year upon turning 18, his great niece came and donated for the first time.
